

The 37 Best Websites to Learn Something New Forget overpriced schools, long days in a crowded classroom, and pitifully poor results. These websites and apps cover myriads of science, art, and technology topics. They will teach you practically anything, from making hummus to building apps in node.js, most of them for free. There is absolutely no excuse for you not to master a new skill, expand your knowledge, or eventually boost your career. You can learn interactively at your own pace and in the comfort of your own home. It's hard to imagine how much easier it can possibly be. Just pick a topic you're interested in, start learning, and pretty soon you'll be that much closer to changing the world. This project was first introduced by The Next Web.
